Program 3. Engineering

Para Jayasinghe, P.E., Manager Organization: 311300

Program Description

The Engineering Program plans, designs, schedules and prepares contracts for the reconstruction of sidewalks, roadways and bridges. Engineering firms are used to supplement staff and all work is coordinated with other City and state planning agencies. Through the Public Improvement Commission, the program reviews any proposed changes on, over, or under public ways by outside groups. (The program also maintains the official records of all City-owned land and streets).

Program 4. Highway Maintenance

Frank DeChellis, Acting Manager Organization: 311400

Program Description

The Highway Maintenance Program is responsible for the construction and maintenance of the highway infrastructure of the City. Responsibilities include installing pedestrian ramps, pavement markings and managing major capital improvements in business districts. Engineering and inspection is provided for reconstruction and resurfacing projects and for the permanent restoration of damaged public ways. By inspecting public ways, analyzing and programming field data and estimating recovery cost, this program seeks to minimize the damages to roadways and sidewalks by utility companies and contractors.

Program Strategies

- To reconstruct and resurface the City's roadways and sidewalks.

Program 5. Street Cleaning

Joseph Canavan, Manager Organization: 311500

Program Description

The Street Cleaning Program is responsible for cleaning all city streets from curb to curb, with special emphasis on high litter areas and neighborhoods with posted street cleaning times. The program maintains and empties litter receptacles in busier areas of the city, clears snow from the streets during winter, makes temporary repairs to streets and sidewalks and provides assistance to the Recycling Program. The program also provides graffiti services and cleans and maintains the Boston Freedom Trail.

Program Strategies

- To maintain clean city streets.

Program 6. Bridge Operations/Maintenance

George Haffner, Manager Organization: 311600

Program Description

The Bridge Operations/Maintenance Program works to keep water, vehicle and pedestrian traffic moving as effectively as possible over and under the City's bridges. Responsibilities include efficient operation of the four drawbridges, and rapid response to needed electrical and mechanical repairs.

Program Strategies

- To maintain and operate vehicle and pedestrian bridges.

Program 7. Street Lights & Signals

John Banks, Manager Organization: 311700

Program Description

The Street Lights and Signals program is responsible for the maintenance of traffic signals and streetlights. The program provides modern, cost efficient and effective street lighting and traffic signal services to protect the safety of the general and traveling public on Boston's streets and in the City's parks and playgrounds. In FY03, the City purchased approximately 23,647 street lights formerly owned and maintained by NSTAR, a local utility company.

Program Strategies

- To provide modern, adequate and cost effective lighting for the City of Boston.

Program 8. Sanitation

Elmo Baldassari, Manager Organization: 311800

Program Description

The Sanitation Program is responsible for efficient collection and disposal of all solid waste and recyclables generated by households within the City. Responsibilities include supervision of contract collection and exploration of cost effective and environmentally sound disposal alternatives.

Program Strategies

- To collect and dispose of residential solid waste and recyclable materials.

<i>Performance Measures</i>	<i>Actual '06</i>	<i>Actual '07</i>	<i>Projected '08</i>	<i>Target '09</i>

Program 9. Recycling

Susan Cascino, Manager Organization: 311900

Program Description

The Recycling Program is responsible for planning, implementing, and managing the recycling activities of the City. Responsibilities include program design, public education, monitoring contractor work, and analyzing and reporting program results.

Program Strategies

- To increase the diversion rate of recycling through the Recycling Program.

<i>Performance Measures</i>	<i>Actual '06</i>	<i>Actual '07</i>	<i>Projected '08</i>	<i>Target '09</i>

Total	954,509	733,756	870,732	1,036,183

External Funds Projects

Recycling, Public Education

Project Mission

To better inform Boston residents about the available opportunities to recycle. Because the Boston recycling program is a voluntary one, the challenge is to motivate a diverse population to want to recycle, and to be sure they know how to do it properly.

MRIP (Municipal Recycling Incentive Program)

Project Mission

MRIP is a program of the DEP. The goal of the program is to increase municipal recycling, safely dispose of universal wastes (such as CRT's, mercury, paint and auto supplies) and develop a way to recover and reuse materials such as paper, cardboard and leaf and yard waste. The ultimate goal of MRIP is to assist in the reduction of waste transported to the landfills by 70% by the year 2010.

Public Works Department Capital Budget

Overview

Public Works is committed to implementing capital projects that will result in safe, well functioning and attractive roadways, sidewalks, bridges and streetlights.

FY09 Major Initiatives

- American Legion Phase I will be completed this year by NSTAR with an emphasis on reconstructing the infrastructure and the median, as part of the mitigation plan for the installation of a power transmission line. Phase II construction by the City will begin this summer and will include a new surface, sidewalks, lighting and trees.
- The City is undertaking a major initiative to improve accessibility through the reconstruction and installation of pedestrian ramps throughout the City.
- The reconstruction of the Four Corners section of Dorchester will be completed this fall including improvements to the roadway dimensions, lighting and pedestrian accommodations.
- The City will support the Boston Housing Authority's redevelopment plan for Franklin Hill in Dorchester through the construction of new roads.

Transportation Department Operating Budget

Thomas Tinlin, Commissioner Appropriation: 251

Department Mission

The mission of the Boston Transportation Department is to promote public safety, manage the City's transportation network, and enhance the quality of life for residents of our City neighborhoods. Accomplishment of our mission is ensured through the use of planning, coordinated engineering, education and enforcement. The Transportation Department strives to improve circulation in and around the City, enhance public transportation services, gain efficiencies in the management of parking resources, adjudicate and collect fines, collaborate with relevant agencies and encourage the use of alternate transportation modes.

FY09 Performance Strategies

- To conduct transportation action plans and design projects for neighborhoods and corridors to improve traffic flow and pedestrian safety.
- To efficiently maintain traffic signs and parking meters throughout the city.
- To improve the flow of vehicles and pedestrians on arterial streets by making traffic signal timing adjustments to our computerized signal system.
- To improve vehicle, pedestrian and school zone safety on neighborhood streets.
- To respond to customer inquiries in the most efficient and effective manner.

Description of Services

The Transportation Department regulates traffic and parking for 785 miles of roadway and 3,708 public streets. In order to ensure an efficient yet safe flow of traffic and to balance competing demands for parking resources, the Department enforces 42 parking regulations, maintains and collects from the City's 6,400 parking meters, and annually replaces or repairs several thousand of the City's 300,000 street and traffic signs. The Department also continually responds to the changing transportation needs of the City and its neighborhoods by re-evaluating traffic patterns, increasing parking enforcement in response to neighborhood requests, incorporating the City's interests into state and federal roadway developments, and working to promote alternative modes of transportation for commuters.

Traffic Division Operating Budget

Thomas Tinlin, Commissioner Appropriation: 251

Division Mission

The Traffic Division's mission is to develop, implement, support, and manage all transportation programs and projects undertaken by the Department. These programs and projects emphasize the smooth and safe flow of vehicular traffic through the streets of the City, cooperative work efforts with the MBTA to enhance mass transit, maximum utilization of the City's limited parking resources, and pedestrian safety.

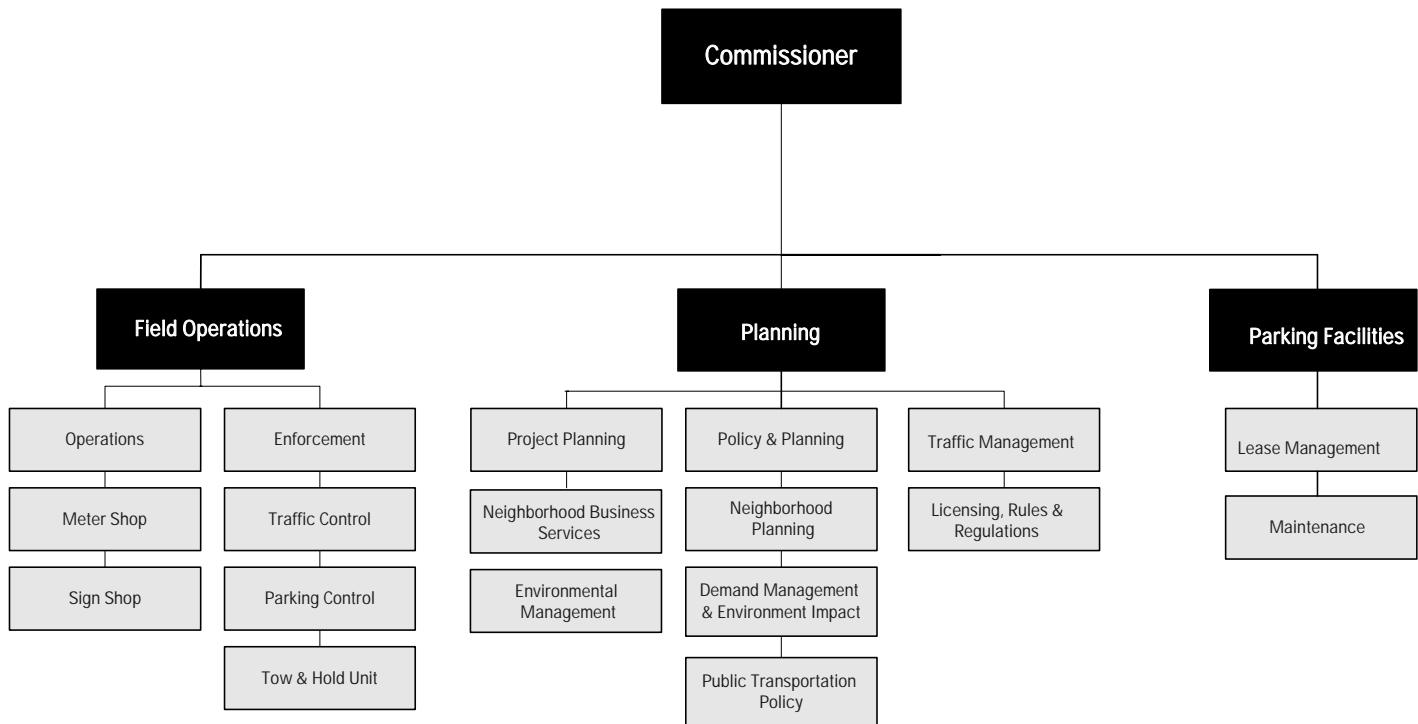

FY09 Performance Strategies

- To conduct transportation action plans and design projects for neighborhoods and corridors to improve traffic flow and pedestrian safety.
- To efficiently maintain traffic signs and parking meters throughout the city.
- To improve the flow of vehicles and pedestrians on arterial streets by making traffic signal timing adjustments to our computerized signal system.
- To improve vehicle, pedestrian and school zone safety on neighborhood streets.

Traffic Division Operating Budget

Description of Services

The Traffic Division establishes and maintains a wide variety of programs to enhance transportation throughout Boston. The Division delivers such services as increased loading zone access for the delivery of goods and services, increased short-term parking opportunities and resident restricted parking spaces, efficient flow of vehicular traffic during peak periods, removal and disposal of abandoned vehicles, computerization of traffic signals, and traffic planning and engineering for the design or redesign of streets and intersections. The Division also provides clean, safe, and convenient parking facilities downtown and in neighborhood business districts. Provision of this service includes inspections, cleaning and renovations of facilities and enforcing existing parking leases.

Program 1. Traffic Commissioner's Office

Thomas Tinlin, Commissioner Organization: 251100

Program Description

The Commissioner's Office is responsible for establishing and managing a wide variety of programs to enhance transportation throughout Boston. The office advocates for alternative financing for the administration of transportation programs including federal and state grants as well as public/private partnerships.

Program 2. Traffic Management & Engineering

John DeBenedictis, Manager Organization: 251200

Program Description

The Traffic Management and Engineering Program manages Boston's transportation network to provide safe, efficient travel throughout the City. This is accomplished through maintenance of traffic signal timings using the City's computerized traffic signal system; design and review of new/upgraded traffic signal installations; review of proposed roadway and transit projects, review and approval of private development plans; licensing of on-street construction; permitting of special events; review and modification of existing parking rules and regulations; and working with neighborhood groups to improve traffic and pedestrian safety on residential streets.

Program Strategies

- To improve the flow of vehicles and pedestrians on arterial streets by making traffic signal timing adjustments to our computerized signal system.
- To improve vehicle, pedestrian and school zone safety on neighborhood streets.

<i>Performance Measures</i>	<i>Actual '06</i>	<i>Actual '07</i>	<i>Projected '08</i>	<i>Target '09</i>

Program 3. Policy & Planning

Vineet Gupta, Manager Organization: 251300

Program Description

The Policy and Planning Division provides planning services leading to more effective engineering, construction and management of the city's transportation networks and initiates new projects to support the department's mission. Through extensive community process and coordination with city and state agencies, the division encourages the use of alternative modes, enhances pedestrian safety, addresses neighborhood traffic and parking concerns, reviews new development projects and proposes long-term strategies.

Program Strategies

- To conduct transportation action plans and design projects for neighborhoods and corridors to improve traffic flow and pedestrian safety.
- To review new development projects leading to Transportation Access Plan Agreements (TAPAs) to manage impacts on transportation infrastructure and neighborhood quality of life.
- To serve as the City's liaison and coordinate/manage projects with the MBTA and other state agencies.

Program 4. Traffic Enforcement

Gregory Rooney, Manager Organization: 251400

Program Description

The Enforcement Program enhances public safety, improves traffic flow, and promotes parking opportunities and curbside access by encouraging compliance with the City's rules and regulations through issuance of citations and towing of illegally parked vehicles.

Program Strategies

- To improve vehicle flow and public safety within the City by ensuring compliance with parking, meter, residential parking, and street cleaning regulations.

Program 5. Traffic Operations

Paul McColgan, Manager Organization: 251500

Program Description

The Operations Program promotes public safety through the maintenance of and regulatory signage on City roadways, and coordination of special events effecting traffic and parking in the City. Operations also supports economic development in the City by encouraging efficient use of short-term on-street parking through the maintenance of parking meters.

Program Strategies

- To efficiently maintain traffic signs and parking meters throughout the city.

Parking Clerk Operating Budget

Gina Fiandaca, Assistant Parking Clerk Appropriation: 253

Division Mission

The Office of the Parking Clerk's primary mission is to respond effectively to public inquiries about parking tickets, resolve any disagreements through an adjudication process, and to deter illegal parking by successfully collecting parking violation fines. The Office is also responsible for adjudicating and collecting fines on abandoned vehicles and for administering resident parking permits.

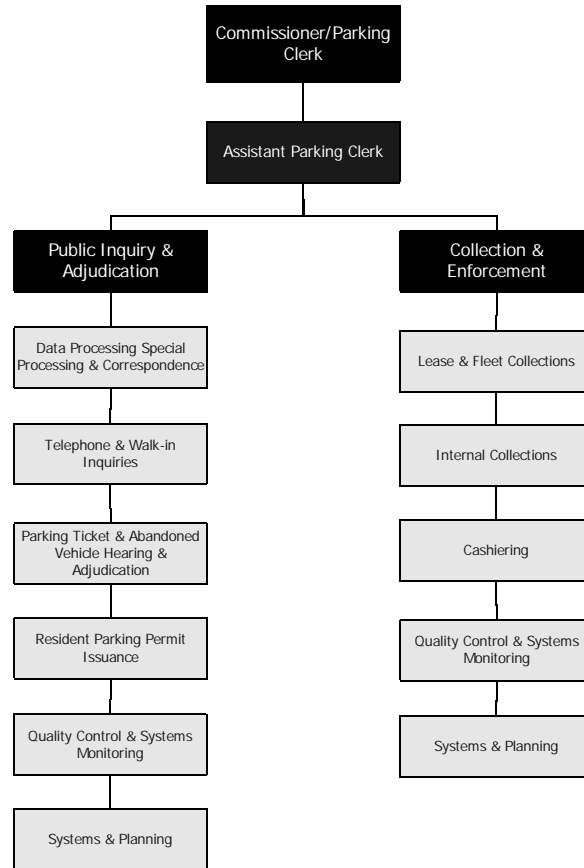

FY09 Performance Strategies

- To respond to customer inquiries in the most efficient and effective manner.

Parking Clerk Operating Budget

Description of Services

The Office of the Parking Clerk oversees and operates a number of major components of the City's Parking Violation System (PVS). The PVS is a high volume, complex operation involving numerous computer-based systems that support all elements relating to parking tickets from design, procurement, and processing of tickets, through providing responses to public inquiries, adjudication, collection, and final disposition. Parking permits for neighborhood residents are issued by the Office of the Parking Clerk.

External Funds Projects

Central Artery/Third Harbor Tunnel

Project Mission

The Central Artery/Third Harbor Tunnel (CA/THT) Project Team mission is to coordinate project-related activities performed by the City in conjunction with the Massachusetts Highway Department. The project team coordinates the provision of City services for the construction of the CA/THT including planning and engineering, regulatory permitting and inspections, emergency services, public safety, and other projects support. This grant ended in FY06. Final expenditures anticipated in FY09.

NSTAR 345kV

Project Mission

NSTAR Electric will provide mitigation funding to minimize the disruptive impacts to the environment, city traffic and residents related to the proposed 345 Kilovolt transmission line. Funding for this project is expected to run over 18 months.

Parking Facilities Fund

Project Mission

The City owns and operates several revenue producing parking lots. The resulting revenue from these lots goes into the fund to support their non-personnel operating expenses. This is an ongoing revolving account.

Traffic Management Center

Project Mission

The Traffic Management Center grant will provide new financial resources to expand operational coverage in order to fully utilize existing technology and help monitor and improve the flow of traffic through the City. Funding has been provided for three years by the Federal Highway Administration and Massachusetts Executive Office of Transportation and Construction.

Transportation Department Capital Budget

Overview

The priority of the FY09-FY13 BTD Capital plan will be the comprehensive modernization of traffic control equipment to move vehicular, pedestrian and bicycle traffic more safely and efficiently throughout the City. Neighborhood and strategic transportation studies will ensure a well planned neighborhood and district investment program.

FY09 Major Initiatives

- Traffic Signal Equipment upgrades at intersections across the city will continue. Upgraded intersections will connect to the Traffic Control Center allowing direct remote traffic control management wherever feasible. Use of modern traffic signal equipment and timing will promote efficient traffic flow and pedestrian safety, while reducing pollution.
- Building on the Access Boston report, Transportation Planning will continue with new neighborhood or strategic transportation action plans including traffic flow, major arterials, pedestrian safety, parking, bicycle access and regional project plans. In FY09 a report will be completed for the Dudley Square, Roxbury neighborhood.
- Through the Strategic Bicycle Network Program the City will maximize usage to existing high volume bike lanes via construction of bike lane connections and extensions to the Esplanade, the Jamaicaaway, the Southwest Corridor and the South Bay Harbor Trail.
- Installation at Frontage Road Enforcement Facility of a new gate, backup power generator, cooling tower, and fence system will automate inventory control and improve security.
