# Local Businesses Create True Equity and Inclusion

- 100% local ownership and funding means we have a vested interest in our community
- Roslindale is synonymous with diversity. We are Roslindale residents who want to make sure our whole community is represented in this project.
- 20+ Years of battling Cannabis laws
- Written Goals of 1:1 hiring for equity/minority/veteran/disabled to non-equity and 90+% Boston Resident employment
- Working with Local groups like ABCD Head Start and RVMS to ensure inclusion of our community and support of low income and inner city housing
- Mandatory volunteer days for all employees
- Working on Neighborhood Beautification projects in Nubian Square
- Our dollars stay local, which means they support local...this is first and foremost.
