

## TITUS SPARROW PARK CONSTRUCTION UPDATE JUNE 2024

Thank you for your patience and continued interest in this project. Titus Sparrow Park is an important green space for the South End community, and we understand that having the park closed for the duration of construction is difficult for many. We appreciate your patience during our renovation, and the park is still on track for reopening in late fall 2024. Please note that Titus Sparrow Park summer and fall programming will not take place in the park, but will be up and running again in 2025.
