THE PERRY RESIDENCE

5 W. CEDAR STREET BOSTON MA 02108

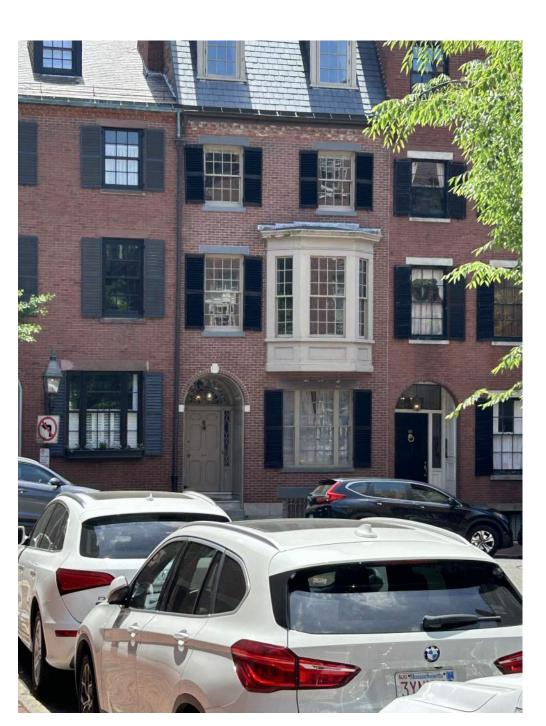

bays on 108 Mount Vernon Street are light-colored, matching the trim and sash.

Two bay windows at 11 West Cedar Street (in the same block as number 5) match their houses' off-white trim and sash.

9 Willow Street at the upper end of Acorn Street from 5 West Cedar has the same light-colored bay and window combination.

The bay matches the sash and trim at 62 Chestnut Street (where West Cedar ends).

ELEVATIONS

BHACD-I

Existing black triple track storm windows.

Proposed replacement storm windows - Allied Windows Inc., Historic One Lite removeable bottom sash. Colored like exterior trim and sash.

The replacement storms have a reduced frame size and does not overlap the window sash. The frame has a reduced cross section profile so it does not protrude away from the window frame as the triple track storms currently in use. The frame aligns with the meeting rail of the double hung windows.
