

YOUTH LEAD THE CHANGE \$1 MILLION BALLOT 2023-2024 WINNING PROJECTS

BOSTON SHELTERS 2.0

Funding improvements to emergency shelters. Renovations will enhance the capacity and quality of life of those sheltering there

1825 VOTES

23% OF ALL VOTES

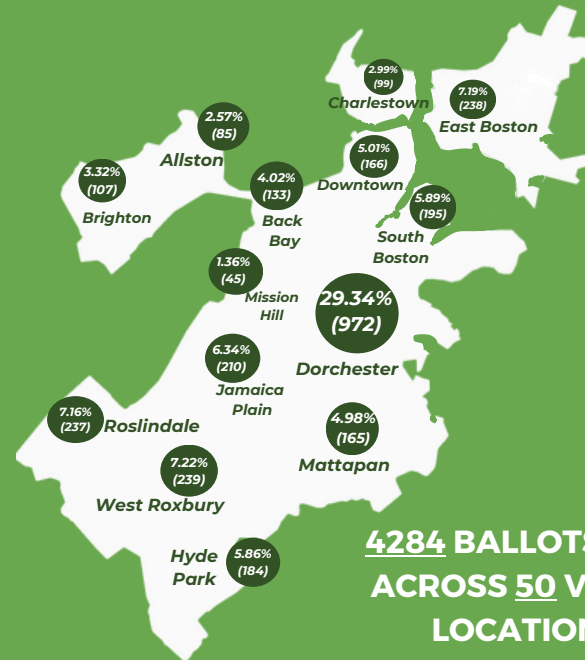

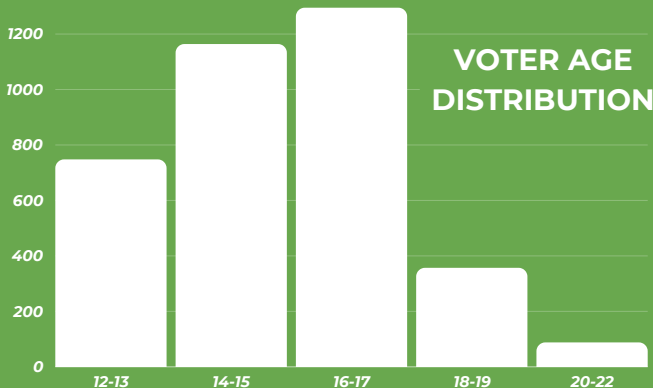

NEXT LEVEL SPORTS

Upgrading youth sports facilities such as gyms, swimming pools and other spaces at Boston community centers!

1284 VOTES

16% OF ALL VOTES

This past school year, youth ages 12-22 across Boston proposed and voted on ideas to improve the lives of young people in the City. The office of Youth Engagement and Advancement is proud to announce the winners of this year's Youth Lead the Change participatory budgeting process!

YOUTH LEAD THE CHANGE \$1 MILLION BALLOT FULL 2023-2024 VOTING RESULTS

BOSTON SHELTERS 2.0

Funding improvements to emergency shelters. Renovations will enhance the capacity and quality of life of those sheltering there

1825 VOTES

CHINATOWN INFRASTRUCTURE

Improving roads, sidewalks, and open spaces to make Chinatown a safer and more enjoyable place for pedestrians and drivers alike. This project would support additional greenery, traffic control, pedestrian, and bike infrastructure.

612 VOTES

NEXT LEVEL SPORTS

Upgrading youth sports facilities such as gyms, swimming pools and other spaces at Boston community centers!

1284 VOTES

THE PERIOD PLAN

Installing dispensers for menstrual supplies like pads and tampons in bathrooms at Boston's public schools to ensure that students have access to free menstrual health products.

1092 VOTES

WICKED FREE WIFI 3.0

Expanding the City's existing Wicked Free Wi-Fi network by adding hotspots in parks and other public spaces. This project would enhance internet connectivity for residents.

1142 VOTES

BPS COMFORTABLE CLIMATE

Making students comfortable during class by investing in heating and cooling systems at schools. This project supports improvements to buildings experiencing challenges with heating & cooling.

953 VOTES

BUS STOPS WITH STYLE

Adding public art installations to bus shelters across Boston. Boston youth would have the chance to influence the design and selection of bus shelters for this project.

297 VOTES

BPS GOT WATER

Installing new water fountains in schools so that students have access to cool, filtered water. This project would add drinking fountains in schools that currently lack sufficient fountains.

716 VOTES

Note: This year's ballot allowed voters to chose up to two projects, but they could also select just one. Consequently, the number of 'votes' for projects is roughly double the number of 'ballots' cast.
