

Community Health Needs Assessment Survey Toolkit

Overview

The [Boston Community Health Collaborative](#) is conducting a Community Health Needs Assessment survey in Boston. The survey collects information that is critical to informing public health planning and improving the health of Boston residents. Take the survey and learn more at boston.gov/bphc-BostonCHNA.

This free promotional toolkit includes resources to help you when sharing the survey and engaging the communities you serve. It includes flyers, key messaging, social media content, and more.

The Boston CHNA Survey is Now Live: Participate in the Boston Coordinated Community Health Needs Assessment!

About the Boston CHNA Survey

The Boston Community Health Needs Assessment (CHNA) is a comprehensive effort to identify the strengths, challenges, and public health priorities for the city of Boston. This process is led by the [Boston Community Health Collaborative](#), a multi-sector collaboration of Boston nonprofit teaching hospitals, community health centers, community organizations, and public health.

The community health survey asks residents about their community health priorities, access to care, and availability of resources to support their physical and mental health and well-being. By taking this quick, confidential survey, you'll help guide health initiatives in our community and contribute towards making Boston a healthier city for all.

Who can take the survey and how long will it be available?

- Residents of Boston age 14+ can take the survey.
- This year, the community health survey will include a raffle for prizes, including two \$100 grocery gift cards, museum passes, family-friendly experiences and more.

- The survey will be available until early December 2024.

Access the Survey:

The survey [is live](#) and currently available in English, Spanish, Cape Verdean Creole, Portuguese, and Haitian Creole and will be available in additional languages very soon. Access the survey at <https://bit.ly/3ToZH39> and in the QR code on the flyers attached.

What support is available to my organization share the survey?

The Boston Community Health Collaborative is developing dissemination materials, including sample emails, flyers, a resource list that can be used to help spread the word. Flyers will be available in all 8 survey languages. More information can be found at boston.gov/bphc-bostonchna.

If your organization would like to offer paper surveys at a community meeting or event, please reach out to bostonchna@bphc.org to coordinate.

I have more questions or want to get involved. Who can I contact?

Please reach out with any questions about the coordinated Community Health Needs Assessment or the community health survey to bostonchna@bphc.org.”
