What is happening?

The MBTA is closing the Red Line from Broadway to North Quincy from November 5-10, and from JFK/UMass to Ashmont from November 9 to 10 for critical track repairs. Shuttle Buses are available between Broadway, Andrew, JFK/UMass, and North Quincy November 5-10. Shuttles will extend to Ashmont on the weekend of Nov. 9-10. Riders are encouraged to use the Commuter Rail which will be fare-free between Braintree and South Station.

When is it happening?

NOVEMBER 2024

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30

Who will be impacted?

- **Red Line Riders** will be impacted as Red Line service will be replaced with commuter rail service and shuttles.
 - Riders should utilize the fare-free Commuter Rail when possible. Visit [mbta.com/redline](https://www.mbt.com/redline) for more information.
 - Riders using shuttle buses during this service change should budget extra traveling time.
- **Residents who drive** will experience heavy congestion along the shuttle route. Please avoid driving along the route and remember to stay local to your neighborhood whenever possible!
- **Temporary removal of parking spaces** to accommodate shuttle movements, shuttle stops, and pop-up bus lanes.
 - Parking will be restricted on sections of:
 - Dot. Ave @ W Broadway Street by Broadway Station
 - Dot. Ave from D street to Andrew Station
- **Cyclists will experience increased traffic** due to heavy shuttle bus traffic on the route. Please use caution when navigating around buses.

Why is this happening?

- Reduction of slow zones and replacement of track
- Full day closure is more efficient and allows for more uninterrupted work / fewer shutdowns

What alternative services are being offered?

- The most up-to-date information is available at [MBTA.com/redline](https://www.mbta.com/redline)
- MBTA will be providing fare-free service on the Commuter Rail during the shutdown. Visit the MBTA website for more details.

What are we doing about it?

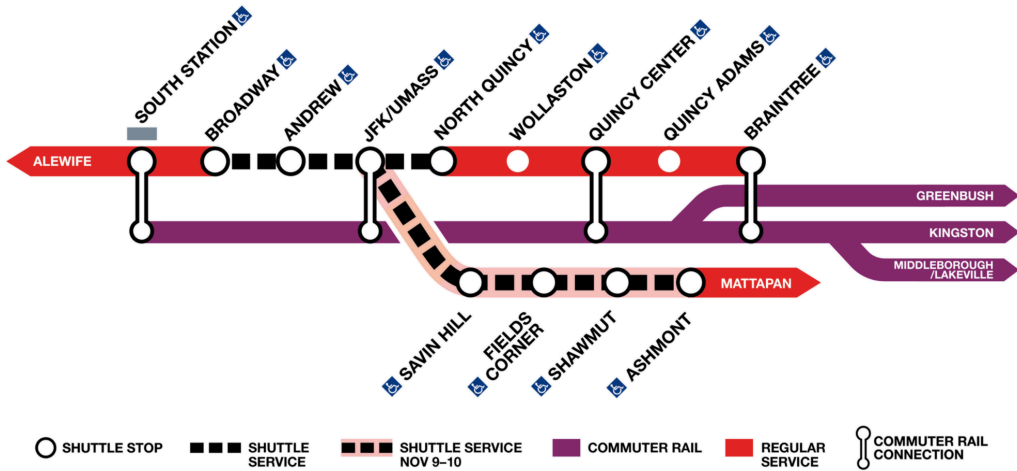

- The Streets Cabinet is working with the MBTA to prepare for these diversions, and has been working with MBTA Transit Priority to determine the areas where intervention will be necessary to keep shuttles moving and keep vulnerable road users safe.
- Residents should expect changes to curb use regulations (loading zones, no-stopping zones, and other parking regulation changes), signal timings, and traffic patterns along the shuttle route.

How can I learn more?

- Visit the MBTA informational page at [MBTA.com/redline](https://www.mbta.com/redline) for the latest information on transit service alerts and initiatives.
- Visit [MBTA.com/customer-support](https://www.mbta.com/customer-support) or call 617-222-3200
- Visit [boston.gov/mbta-shutdowns](https://www.boston.gov/mbta-shutdowns) to learn more about what the City is doing and get updated information on parking restrictions, alternative benefits, and more
- Email transit@boston.gov if you have questions about changes to street regulations for this diversion

Social Media blurb:

The Red Line will be closed from Broadway and North Quincy, November 5-10, for track work. Commuter Rail will be fare-free between Braintree and South Station. Shuttles will extend to Ashmont on the weekend of Nov. 9-10. Commuter Rail and Shuttles will replace service. Be sure to check [mbta.com/redline](https://www.mbta.com/redline) for updates!
